When a youth enters one of our programs, our staff meets with them and develops a treatment plan to follow during their stay. The plan determines what their immediate needs are, what services they may need, and goals they have set. During their stay, youth may access the Learning Center for tutoring and other services, join the youth advisory board, and participate in other activities. They may also benefit from other services listed below.

- Career Counseling
- Communication and Learning Centers/School Counseling
- Drug and Alcohol Counseling
- Functional Family Therapy
- Independent Living
- Job Development/Placement Assistance
- Nutrition
- Prevention & Early Intervention
- Shelter & Transitional Living
- Skill Development

THANK YOU! On behalf of our Board of Directors, Staff and especially our Youth, please accept our sincere appreciation for your support.

TWAH YOUE FOR HONOR OF OUR Board of Directors, Staff and especially our Youth, please accept our sincere appreciation for your support.
Welcome to the Tumbleweed Center for Youth Development. We are a non-profit agency with 38 years of service, providing a continuum of services to help young people obtain a sense of personal and social control. Tumbleweed offers a variety of programs and services for runaway and homeless youth ages 9 to 22, through a continuum of services such as day programs through emergency interventions, providing a spectrum of services to help young people meet their needs of young people rather than offering rigid programs that disregard the individual's experience. There are many paths to success, and we want to assist them to their destination.

We need your help to continue to meet the needs of youth and stop growing and we must grow to meet them. Please check out our web site at www.tumbleweed.org.

As I learn and grow with Tumbleweed Center for Youth Development, I realize how flexible TCYD has become in meeting the needs of young people. I'm encouraged by the work we are doing and how we continue to improve and expand our services, and this year I want to introduce you to the Tumbleweed Center for Youth Development.

Tumbleweed offers a variety of programs and services for runaway and homeless youth ages 9 to 22. Our mission is to serve abused, abandoned, troubled and neglected youth. Our goals are to assist these youth in 1) understanding and achieving their individual potential, 2) increasing their personal and social skills, and 3) creating a safe and healthy environment. We want to be a part of their experience, to be a part of their life to help them, to help them move toward independence.

Tumbleweed Center for Youth Development.

Mission To serve abused, abandoned, troubled, and neglected youth in our community. To assist them in understanding and achieving their individual potential, increasing their personal and social skills, and creating a safe and healthy environment.
